

Landlord Plus

Service description

KCOM Landlord Plus is a product allowing landlords (including student accommodation agencies) to resell inclusive broadband services to the tenants in their houses.

As the customer is authorised to resell the Landlord Plus service, the additional terms relating to the resale of products set out in the Business Conditions of Service apply to this product.

This product is intended to support normal residential use by end users; commercial use by end users is not permitted.

Broadband Description

The service has the following features:

Maximum speed downstream	24Mbps
Maximum speed upstream	1Mbps
IP Address	Dynamic
Inclusive Technical Support	Yes - to landlord only
Webspace	None
Email addresses	None
Fair Usage Policy Applies	Yes - 100GB per month*

* During peak hours only, 6pm to midnight

Service availability is subject to survey and confirmation.

The maximum downstream and upstream line rates are dependent on a number of factors, including the following:

- distance from the property to the nearest exchange
- number of users sharing the broadband connection within the property
- quality of the internal wiring (incl. extension cables) within the property
- Correct installation of Microfilters; additional filters are available from KCOM for £3.40 Ex VAT (£4.00 Inc. VAT) each.
- number of other ADSL connections within the same cable to the exchange (therefore slower at peak times)
- Any interference caused by electrical devices within the property (e.g. Sky TV, burglar alarms, etc.)
- Hardware: Ethernet will generally give better speed than USB

Fix Times

Broadband: 72 hours / 3 days.

If a fault with the service occurs, the customers should try to resolve the faults by rebooting any affected servers or PCs before raising a fault with the KCOM helpdesk.

KCOM reserves the right to raise additional charges if faults are reported to the help desk which, upon investigation, are shown to be faults the customer could have resolved by re-booting the affected servers or PCs.

The customer shall be responsible for ensuring that there is a recognized process by which end users can contact the customer about faults or services issues. KCOM's helpdesk will only liaise with the customer in relation to faults or service issues; and not the customer's end users. The customer will then have sole responsibility for any onward communication with its end users.

Telephony: 10 working hours (working hours are between 8.00am and 6.00pm, Monday to Saturday, except Public Holidays)

Telephony: Landlord Plus customers may opt for a target 5 clock hour fix by subscribing to **BusinessCare Plus**, for an additional charge. BusinessCare Plus operates 24 hours per day, 7 days per week including Public Holidays.
