

WITHDRAWN FROM SALE OCTOBER 2022 – REFER TO ANCILLARY SERVICES FOR CURRENT EXTERIOR CABLE CONNECT SERVICES

External CableConnect

Service description

For a description of the Services please refer to the Reference Offer for the provision of Leased Lines and Ethernet Services (the “Agreement”).

Connection Charge

Service	Notes	Connection Charge
		Ex VAT
External CableConnect (install external cable up to 24 fibres and provide internal)		£2,000.00
External CableConnect (install external cable up to 48 fibres and provide internal)		£2,150.00
Excess Construction Charges	1	POA
Cancellation charge (External CableConnect)	2	£429.90
Optional optical patching shelf for 12 fibres	3	£350.00

General Notes:

- 1) Excess Construction Charges include the survey for and installation of a KCOM handover box and the civils work needed to install new duct infrastructure from the KCOM handover box to the Cable Chamber. The KCOM handover box will be no more than 100 meters from the relevant Cable Chamber and it must be located on public land. Excess Construction Charges will be applied to construct the relevant infrastructure and are charged in addition to the External CableConnect Connection Charge in those cases where additional infrastructure is needed to give a new or extended service to the CP. For the avoidance of doubt, where the CP cancels the Order for Services the CP shall be liable to pay any and all Excess Construction Charges, where KCOM has undertaken infrastructure work.
- 2) Cancellation charges are compensatory and not subject to VAT.
- 3) Multiples required based on cable size e.g. if 24 fibres are required, the CP would require 2 patching shelves. Where this is not purchased, the internal fibre cable is left coiled in the CP’s licenced space and no connectors are provided.
