RESELLER AGREEMENT FOR CONNECT FIBRE LANDLORD SERVICES

SERVICE STANDARDS - PART 3

1 INTRODUCTION

These Service Standards define the commitments We make to You.

Any changes, modifications, additions or deletions to these Service Standards will be provided to You in writing 30 days prior to such change coming into effect.

2 CONNECT FIBRE LANDLORD SERVICES

2.1 Availability

The KCOM Connect Fibre Landlord Service is intended for resale to residential landlords who want to provide a superfast broadband service to the tenants who occupy their rented property. The KCOM Connect Fibre Landlord Service is only available for use by landlords who rent out residential property; not commercial property.

You are entitled to make KCOM Connect Fibre Landlord Service available for use by the tenants who occupy residential property that Your Customers rent out. However, You are not entitled to resell the KCOM Connect Fibre Landlord Service on a more general basis. You must not allow any wider commercial use of KCOM Connect Fibre Landlord Service, and You must not allow Your Customers or their tenants (also described in these terms as 'end users') to make commercial use of the KCOM Connect Fibre Landlord Service.

The KCOM Connect Fibre Landlord Services which are available are detailed in Table 1. The Services from Connect Fibre Landlord 50 to Connect Fibre Landlord 900 inclusive in Table 1 are only available for resale to such of Your Customers who either:

- haven't previously received Services under any of Connect Fibre Landlord Basic, Super, Ultra or Giga in Table 1; or
- are migrating all of their end users from any of Connect Fibre Landlord Basic, Super, Ultra or Giga in Table 1 to any of Connect Fibre Landlord 50 to Connect Fibre Landlord 900 inclusive in Table 1.

If Your Customer has a property with more than 12 bedrooms, it must subscribe to multiple KCOM Connect Fibre Landlord Services which We may deploy using the same Optical Network Termination unit.

All KCOM Connect Fibre Landlord Services are subject to availability, line test and confirmation.

You and Your end users are subject to and must abide by KCOM's Acceptable Use Policy.

2.2 Service Description

The Services are Our 'white label' reseller product that We make available to Communications Providers (CPs) pursuant to this Agreement. The Services enable You to offer Connect Fibre Landlord Service direct to Your Customers and gives You control over sales, billing and first line support to Your Customers.

The Services are available in the Hull Area. However, You acknowledge and agree that We are still in the process of deploying Our new fibre network in the Hull Area and that the Connection Charges payable by You for the Services will depend on whether a Customer address is located in an area where We have deployed Our fibre network or an area where We have not deployed Our fibre network. Notwithstanding whether We have deployed Our fibre network in a given area, any Orders for the Services that You place will qualify for a discount on the prices that We would otherwise charge Our direct customers.

KCOM Connect Fibre Landlord Service provides Your Customer with a superfast broadband service using fibre optics nearer to Your Customer's premises to deliver faster broadband services than are normally available over copper based ADSL services.

The service can be deployed by KCOM in two methods depending on the location of Your Customer's Site(s) and KCOM's roll-out programme. This will either be a fibre installation directly to Your Customer's

Site premises (Fibre To The Premises – FTTP) or We may provide service using Fibre to a nearby street cabinet (Very High Speed Digital Subscriber Line - VDSL).

The maximum download and upload speeds capable from these services is detailed in the Price Manual and Table 1, below.

KCOM Connect Fibre Landlord Services incorporate a KCOM exchange line at each Site.

Outgoing calls will be barred on the KCOM exchange line(s) that You use with the KCOM Connect Fibre Landlord Service, apart from emergency calls to 151 or 999.

The line rental charge for the KCOM exchange line(s) that You use with the KCOM Connect Fibre Landlord Service is included within the Monthly Rental Charges for the KCOM Landlord Lightstream Service.

If You do not have an existing KCOM exchange line at any Site, You must order a new KCOM exchange line and pay any installation charges for that line. Once it has been installed, the provision of the KCOM exchange line will be incorporated in your KCOM Connect Fibre Landlord Service.

2.3 Customer Requirements

- A new or existing KCOM exchange line is required at the address of the Connect Fibre Landlord Service.
- Ethernet LAN running TCP/IP (10 BASE T minimum). For LAN connections You must supply PC Ethernet cards.
- An internet ready device.

We would remind You that all Customers and end users should consider the security of their PC. We recommend the use of current anti-virus software and firewall protection. Email anti-virus protection is provided with email Post Office Protocol (“POP”) accounts. Where the Services are delivered using FTTP, Your Customers will require two functioning power sockets for the Optical Network Terminal (ONT) and the router. Where the Services are delivered using VDSL, Your Customers will require a single power socket for the VDSL router and a VDSL microfilter. See installation options below.

2.4 Engineer Visit

In respect of the installation of the Services We will provide You with the date of an engineer visit with either a morning (AM) or afternoon (PM) appointment for each Customer. You are responsible for communicating this information to Your Customer.

Where We have made a scheduled appointment with You for either (i) the installation of the Services at a Customer’s premises or (ii) the resolution of a fault with the Services at a Customer’s premises, it is Your responsibility to inform Your Customer of the date and time of the appointment. You will be subject to a Missed Appointment Charge as set out in the Price Manual if one of Our engineers has been dispatched to a Customer address and:

- The appointment is cancelled by You and/or Your Customer after the engineer has been dispatched;
- The person in attendance at the Customer’s premises is under the age of 18;
- There is no one at the Customer’s premises;
- There is no one at the Customer’s premises who knows what work is required or who is otherwise authorised to agree it
- You and/or Your Customer ask Our engineer to call back at an alternative time
- Our engineer is refused entry to the Customer’s premises.
- There are no suitable or there are insufficient power sockets

Where You do not use a router supplied by Us, We shall ensure that the Services are successfully delivered to the ONT that We will install at the Customer’s premises. You acknowledge and agree that in order for the Customer to be able to use the Services, You will need to install and connect a router that is compatible with the Services to the ONT. Furthermore, You acknowledge and agree that the

Customer will not have a working broadband service and will not have access to internet services until such time as You connect a router to the ONT installed at the Customer's premises.

2.5 Connection and Hardware Charges

The type of connection We will provide for Your KCOM Connect Fibre Landlord Service will be as stated in the Order Form. Further details of the connections We provide are as follows;

The following Bolt-ons can be provided with Your Service for an additional charge;

Table 2 – Service Bolt-ons

Bolt on	Description
Direct Tech Support	This Bolt-on allows Your Customers and Your Customers tenants to contact Us directly for tech support. This allows the individual property account to be password protected. Tenants of that property can discuss their connection with Us through Our technical support helpdesk by stating the password on the account which You or Your Customers agents have provided to them. Without Direct Tech Support, We can only discuss any network issues with You, the account holder.

The Bolt-ons You have selected for Your Service are as specified in the Order. You can select additional bolt-ons at any time by agreement with Us.

You must take each Bolt-on you select for an initial minimum period of 30 days. You can terminate Bolt-ons after the expiry of this initial minimum period by giving Us no less than 30 days’ notice (terminating a Bolt-on in this way will not affect the continuation of the other parts of this Contract).

3 HARDWARE

3.1 Provided Hardware

We will provide a free router for Your Customer and Your Customers end users to use with the KCOM Connect Fibre Landlord Service, as specified in the Price Manual. All routers are subject to stock availability and We reserve the right to provide a reasonable alternative to the model specified.

All routers are provided with a 12 month warranty.

You acknowledge that any free hardware provided shall remain the property of KCOM. If the service is cancelled Your Customer and Your Customers’ end users must allow Us access to the premises to collect the hardware, if required.

Your Customer and Your Customers’ end users must take reasonable care of the hardware whilst it is at the premises and, in particular, must protect it from accidental damage and theft. In addition, You, Your Customer and Your Customers’ end users must not allow anyone other than Us to carry out any repairs or maintenance work on the hardware.

You will be responsible for the cost of repair or replacement hardware if it is lost or damaged as a result of accidental damage or Your Customer and Your Customers end users failing to take proper care of

it. However, We will be responsible for any problems You experience with the use of the hardware that can be attributed to any defects with the materials or manufacture.

3.2 Purchased and Replacement Hardware

If You purchase Hardware to use with the Service from Us or are required to purchase replacement Hardware after the initial 12 months' service, the ownership of the Hardware shall be Yours once You have paid for the Hardware in full. We will assign the benefit of any product warranties given by the manufacturer or supplier of the Hardware to You; and You shall be entitled to replacement hardware if You experience any problems with the Hardware, during the initial 12 month period following on from the date on which We supply the Hardware to You, if such problems can be attributed to any defects with the materials or manufacture of the Hardware.

4 LINE SPEEDS

- 4.1 The throughput speeds for Our KCOM Connect Fibre Landlord Services are as set out in Table 1, above. For Our VDSL Services, the throughput speed You actually receive will be dependent on a number of factors including the quality of the line and the distance from the exchange.
- 4.2 We are a signatory to Ofcom's Voluntary Code of Practice for ISP's. We shall apply the same best practice principles for the benefit of Our business customers.
- 4.3 For further information regarding throughput speeds, Ofcom's Voluntary Code of Practice for ISP's or for further information regarding the actual throughput speed that You will receive, please contact Our Wholesale Provisioning Team.

5.2 Additional Usage

Any Usage above Your Monthly Usage Allowance will result in a speed reduction as set out in Table 1.

6 FAULT MANAGEMENT

For the avoidance of doubt, You must provide first line support to the Customer, unless You have purchased the direct tech support bolt-on.

In the event that You become aware of any Fault or a breakdown in the operation of the Services, You should notify Us immediately by contacting the KCOM Network Support team.

If a fault with the service occurs, You, Your Customer or the end user should try to resolve the faults by rebooting any affected routers or PCs before raising a fault with the KCOM Network Support team. We reserve the right to raise additional charges if faults are reported to the KCOM Network Support team which, upon investigation, are shown to be faults You, Your Customer or the end users could have resolved by re-booting the affected routers or PCs. You shall be responsible for ensuring that there is a recognised process by which Your Customers and end users can contact You about faults or services issues. The KCOM Network Support team will only liaise with You (Our customer) in relation to faults or service issues; and not Your Customers or the end users (Your Customers’ tenants) unless We have specifically agreed to liaise directly with Your Customers’ end users in Part 1.
