Proposed Change to KCOM Reference Offer for the Provision of Leased Lines and Ethernet Services

Further to the notice issued on 20 September and the subsequent feedback sessions held on Thursday 5 October and Thursday 26 October, we now write to inform you of our intent to adopt the proposed changes to the KCOM Reference Offer for the Provision of Leased Lines and Ethernet Services. We confirm we received no responses to the proposed changes at either of the organised feedback calls, nor have we received any other contact in relation to the proposed changes.

We will therefore be circulating a finalised version of the updated Reference Offer. We ask that you sign and return this, which we will hold for the remainder of the review period. On the first working day of January, we will countersign and formally complete the updated Reference Offers making them legally effective.

Should any queries arise prior to the countersigning of the updated Reference Offers, please direct them to Jody.Horth@kcom.com.
